A message from Pastor Allman by Pastor David Allman

Billy Graham is a well-known name all around the world, and for our generation is one of the great heroes of the faith. I remember as a church youth going to a movie called the "Cross and the Switch Blade" and it was sponsored by one of his groups. At the end of the movie people were asked to come to the front if they wanted prayer. Being an introvert, I can only credit the Holy Spirit with motivating me to go forward for prayer. I can vividly remember the looks on my friend's faces, and at that point I was not concerned with what they thought.

The Apostle Paul writes, "So I say, let the Holy Spirit guide your lives" (Galatians 5:16, NLT). Billy Graham once said that before he spoke he liked to fill his heart with the Holy Spirit. Graham said

he would prepare enough material for five talks so that he could speak, "out of the overflow."

In the Bible the heart is the place of the will, not the emotions. It is the place where we decide what we will do and say. The Bible says that King David was a man after God's own heart; that is, God's Will. What do you fill your heart with—the spirit of the world or the Spirit of God?

Proverbs 2:1-3 reads, "My child, listen to what I say, and treasure my commands. Tune your ears to wisdom, and concentrate on understanding. Cry out for insight, and ask for understanding." This takes commitment. It is not enough to prioritize your schedule; you have to schedule your priorities. If God's Word is not the top

priority on your to-do list each day, then it would be reasonable to suggest that your heart is being filled with the spirit of the world.

Matthew 12:34 reads, "...whatever is in your heart determines what you say." The words you speak really do matter. Joyce Meyer writes on Twitter, "Every word we speak can be a brick to build with or a bulldozer to destroy." Your words relay what you have stored up in your heart. Do your words build up? Do your words tear down? When we fill our hearts with good things (God's Word) then we will speak good words; that which the Bible calls "bearing good fruit."

A person cannot change what is in their heart all by themselves. Everyone needs the help of the

Holy Spirit to fill their hearts to overflowing with good fruit and love. Every day is a battle for the heart; who will win, the world or God? Will your day start with God's Word or the world news? The proof of what is in your heart are the words that come out of your mouth; do they build up or tear down?

Ephesians 6:13 reads, "put on every piece of God's armor so you will be able to resist the enemy in the time of evil." Fight the daily battle to resist evil and to be filled to overflowing with the Holy Spirit.

FEBRUARY STEWARDSHIP

by Pastor David Allman

"On the ship of the church there are no passengers. All members are crew."
—from the Charter of Church of the Saviour,
Washington, D.C.

From the "About Us; Brief History" section of the above Church's website I am sharing this information. *"In 1946, Army Chaplain Gordon Cosby came home from WWII convinced that the Gospel message was more than platitudes and rules. His call was to form a church to take seriously the teachings of Jesus."*

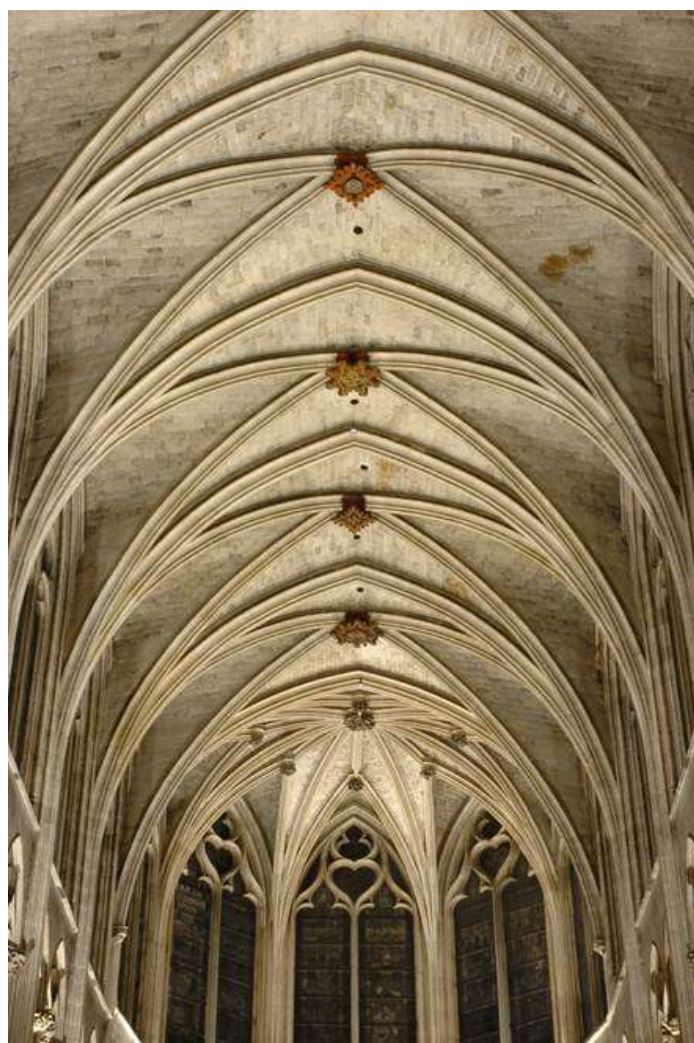

For centuries the Christian Church in general has used the symbolism of a ship. In some of the older Church buildings the ceilings were even designed to look like the hull of a ship from the inside. Modern Church buildings are built to be more acoustical, and so have lost much of that imagery.

Maybe some of what also got lost with that imagery is the concept of "members" being crew instead of passengers. How many people in today's society treat their Church as if it were a cruise ship? How many people in society go to Church to receive? The idea that "offerings" entitle the giver to certain benefits, such as being present to receive ministry rather than provide or participate in ministry. Especially (in my humble opinion) larger churches where a person can remain virtually anonymous and not be asked to do anything in ministry.

While I would not consider Redeemer to be a large Church, it is still large enough for someone to remain a virtually anonymous attender if one chooses. One could come for Sunday morning worship, leave immediately following worship, and choose not to interact with others and/or participate in the many ministries happening at Redeemer.

That certainly is not what we, or dare I say Jesus, had in mind when the idea of discipleship was introduced. Ideally everyone joins in some kind of ministry at their Church. I believe God plans it that way when he passes out spiritual gifts to everyone; and, when God leads people to specific congregations. God chooses the right people for the right places and brings us all together to lead the congregation into God's preferred future.

If you are here at Redeemer, then I believe God led you here and that God has gifted you for ministry here as God leads Redeemer into God's preferred future for this congregation. So, welcome to the Crew!

Social Ministry & Benevolence Thank you!

Thank you for your generous donations to the December benevolence for the Sun City Center DAV chapter 110. Commander Bill Adkins shared his gratitude in a recent Temple Talk and noted the donations will be used to help with costs for training service officers in January.

With gratitude,

Social Ministry Team

February Social Ministry and Benevolence

This month's social ministry project and benevolence will benefit Our Lady's Pantry of Our Lady of Guadalupe church. Our Lady's Pantry serves more than 200 families and households in need of food each week in the Wimauma-Balm-Sun City Center area. Throughout the month of February we will be collecting non-perishable food items on the table in the Narthex. If you wish to make a monetary donation, you may do so by writing a check to Redeemer and noting in the memo line that it is for Our Lady's Pantry. Financial donations enable the pantry to purchase fresh food and purchase greater quantities at greater discounts than retail. Thank you to Arlene Hansen for getting the Thrivent Community Impact Card with which she will be purchasing \$250 more of food items.

With gratitude,

Social Ministry team

February Evangelism

by Candy Allman

What is your favorite game? Bingo, Euchre, Clue, How about Hand & Foot? Do you wish you had someone that loved games as much as you do, that wanted to play? Do you like to eat and play games? If you said yes to these questions, then you are in luck. Come play games with your friends at church and bring a friend (or two) with you or meet new friends when you are here.

On Wednesday, February 20th at 5:00 PM we will hold our first Game Night. We will provide some games and dinner. For dinner you will have the choice of either pulled pork or sloppy joes. (You can bring your favorite game if you like.) Like last month, you will receive a raffle ticket when you come and another one when you bring a friend. Later this year we will pull a ticket for a very nice prize. We will be offering this type of activity each month, always on the third Wednesday of the month, so you can plan ahead now. Thrivent will help sponsor these events so we are asking that everyone bring a non-perishable food item or whatever we are collecting that month thru the outreach program, (school supplies, hygiene products etc.) to each event that we will add to our table in the lobby. Please use the signup sheet on the welcome table so we know how much dinner to purchase. If you have any questions or would like to help plan events or help out the night of the event, please contact Candy Allman.

Shingles (Also called: Herpes zoster, Postherpetic neuralgia)

What is shingles?

Shingles is an outbreak of rash or blisters on the skin. It is caused by the varicella-zoster virus - the same virus that causes chickenpox. After you have chickenpox, the virus stays in your body. It may not cause problems for many years. But as you get older, the virus may reappear as shingles.

Is shingles contagious?

Shingles is not contagious. But you can catch chickenpox from someone with shingles. If you've never had chickenpox or the chickenpox vaccine, try to stay away from anyone who has shingles. If you have shingles, try to stay away from anyone who has not had chickenpox or the chickenpox vaccine, or anyone who might have a weak immune system.

Who is at risk for shingles?

Anyone who has had chickenpox is at risk for getting shingles. But this risk goes up as you get older. People with weakened immune systems are at higher risk of getting shingles. This includes those who: have immune system diseases, have certain cancers, take immunosuppressive drugs after an organ transplant. Your immune system may be weaker when you have an infection or are stressed increasing risk. It is rare, but possible, to get shingles more than once.

What are the symptoms of shingles?

Early signs of shingles include burning or shooting pain and tingling or itching. It is usually on one side of the body or face. The pain can be mild to severe. One to 14 days later, you will get a rash. It consists of blisters that typically scab over in 7 to 10 days. The rash is usually a single stripe around either the left or the right side of the body. In other cases, the rash occurs on one side of the face. In rare cases (usually among people with weakened immune systems), the rash may be more widespread and look similar to a chickenpox rash. Some people may also have other symptoms such as fever, headache, chills, and upset stomach.

What are the complications of shingles?

Post herpetic neuralgia (PHN) is most common complication of shingles. It causes severe pain in the areas where you had the shingles rash. It usually gets better in a few weeks or months. But some people can have pain from PHN for many years, and it can interfere with daily life.

Vision loss can happen if shingles affects your eye. It may be temporary or permanent.

Hearing or balance problems are possible if you have shingles within or near your ear. You may also have weakness of the muscles on that side of your face. These problems can be temporary or permanent.

Very rarely, shingles can also lead to pneumonia and brain inflammation (encephalitis).

What are the treatments for shingles?

There is no cure for shingles. Antiviral medicines may help to make the attack shorter and less severe. They may also help prevent PHN. The medicines are most effective if you can take them within 3 days after the rash appears. So if you think you might have shingles, contact your health care provider as soon as possible.

Pain relievers may also help with the pain. A cool washcloth, calamine lotion, and oatmeal baths may help relieve some of the itching.

Can shingles be prevented?

The new Shingrix vaccine can either prevent shingles or lessen its effects. You need two doses of the vaccine, given 2 to 6 months apart.
